2. Because of CIA participation in WISE activities, approximately 40 applications for employment were received in FY 1981 and five, including two black women, were hired by the Directorate of Science and Technology.

3. A buffet and social hour will be held in the executive dining room at 1730 hours. You are invited to be our guest at this event, and to meet distinguished guests. The auditorium program will begin at 1930 hours and will be followed by unclassified tours and exhibits. Arrangements are being coordinated with the Offices of Security, Logistics, External Affairs and Protocol. Attendance at past WISE events has averaged 125 people, but there are indications that we may have more this year. I will furnish you the guest list after all reservations have been received.

4. An information package is attached. I am available to answer any questions concerning this event.
